## The new Haverland RCA

As a result of working in close consultation with Housing Associations and Local Authorities, Haverland have added several new technical refinements to the highly successful RCA range:-

- **Easier to control** - Simply rotate thermostat from Anti-Freeze (12°C) to Economy temperature settings (16°-18°C). Continue rotation of thermostat from Economy to Comfort temperature settings (19°-24°C).
- **Energy saving ambient temperature limiter** - 25°C.
- **Energy saving** - High precision, electronic thermostat.
- **Thermal uniformity** - Enhanced radiant performance (European certifications).
- **Safe, smooth contours** - No sharp edges.

The new improved RCA range is the ideal electric heating solution for social housing.
